Dear parents and carers,

BoomReader Summer Reading Quest

This summer, our school is taking part in the **BoomReader Summer Reading Quest**, a fun community reading challenge designed to encourage children to keep reading over the summer holidays.

Throughout August, every book completed on BoomReader will count towards the wider BoomReader community total. As schools across the community complete more books, pupils will unlock gem rewards in stages.

There are **up to 100 gems per student up for grabs**, unlocked as the BoomReader community reaches the following milestones:

25,000 books completed — unlock 25 gems
50,000 books completed — unlock 50 gems
75,000 books completed — unlock 75 gems
100,000 books completed — unlock 100 gems

To gain access to the rewards, pupils simply need to complete **at least one book on BoomReader during August**.

These gems will be especially useful, as BoomReader has new student rewards coming soon, including exciting **trading cards** and more **Boomer customisations** for pupils to collect and enjoy.

There is nothing extra that families need to sign up for. We simply ask that children keep reading over the summer break and complete their books on BoomReader during August.

Reading over the summer can help children maintain confidence, fluency and enjoyment, ready for the new school year. Whether pupils read picture books, chapter books, comics, poetry, non-fiction or bedtime stories, every completed book will help move the community closer to the next reward.

You can find out more about the Summer Reading Quest here:
